```
import 'package:flutter/material.dart';

void main() {
  runApp(const ConfirmationApp());
}

class ConfirmationApp extends StatelessWidget {
  const ConfirmationApp({super.key});

  @override
  Widget build(BuildContext context) {
    return MaterialApp(
      debugShowCheckedModeBanner: false,
      theme: ThemeData(useMaterial3: true),
      home: const HomeScreen(),
    );
  }
}

class HomeScreen extends StatelessWidget {
  const HomeScreen({super.key});

  void _showDeleteConfirmation(BuildContext context) {
    showDialog(
      context: context,
      barrierDismissible: false,
      builder: (context) {
        return AlertDialog(
          title: const Text("Confirm"),
          content: const Text("Do you want to delete this item?"),
          actions: [
            // NO Button
            TextButton(
              onPressed: () {
                Navigator.pop(context);
                _showSnackBar(context, "Cancelled", isError: true);
              },
              child: const Text("No"),
            ),

            // YES Button
            ElevatedButton(
```

```dart
          style: ElevatedButton.styleFrom(
            backgroundColor: Colors.red,
            foregroundColor: Colors.white,
          ),
          onPressed: () {
            Navigator.pop(context);
            _showSnackBar(context, "Deleted Successfully");
          },
          child: const Text("Yes"),
        ),
      ],
    );
  },
);
}

void _showSnackBar(BuildContext context, String message,
    {bool isError = false}) {
  ScaffoldMessenger.of(context).clearSnackBars();
  ScaffoldMessenger.of(context).showSnackBar(
    SnackBar(
      content: Text(message),
      backgroundColor: isError ? Colors.red : Colors.green,
      behavior: SnackBarBehavior.floating,
      duration: const Duration(seconds: 2),
    ),
  );
}

@override
Widget build(BuildContext context) {
  return Scaffold(
    appBar: AppBar(title: const Text("Delete Confirmation Screen")),
    body: Center(
      child: ElevatedButton(
        onPressed: () => _showDeleteConfirmation(context),
        child: const Text("Delete"),
      ),
    ),
  );
}
}
```
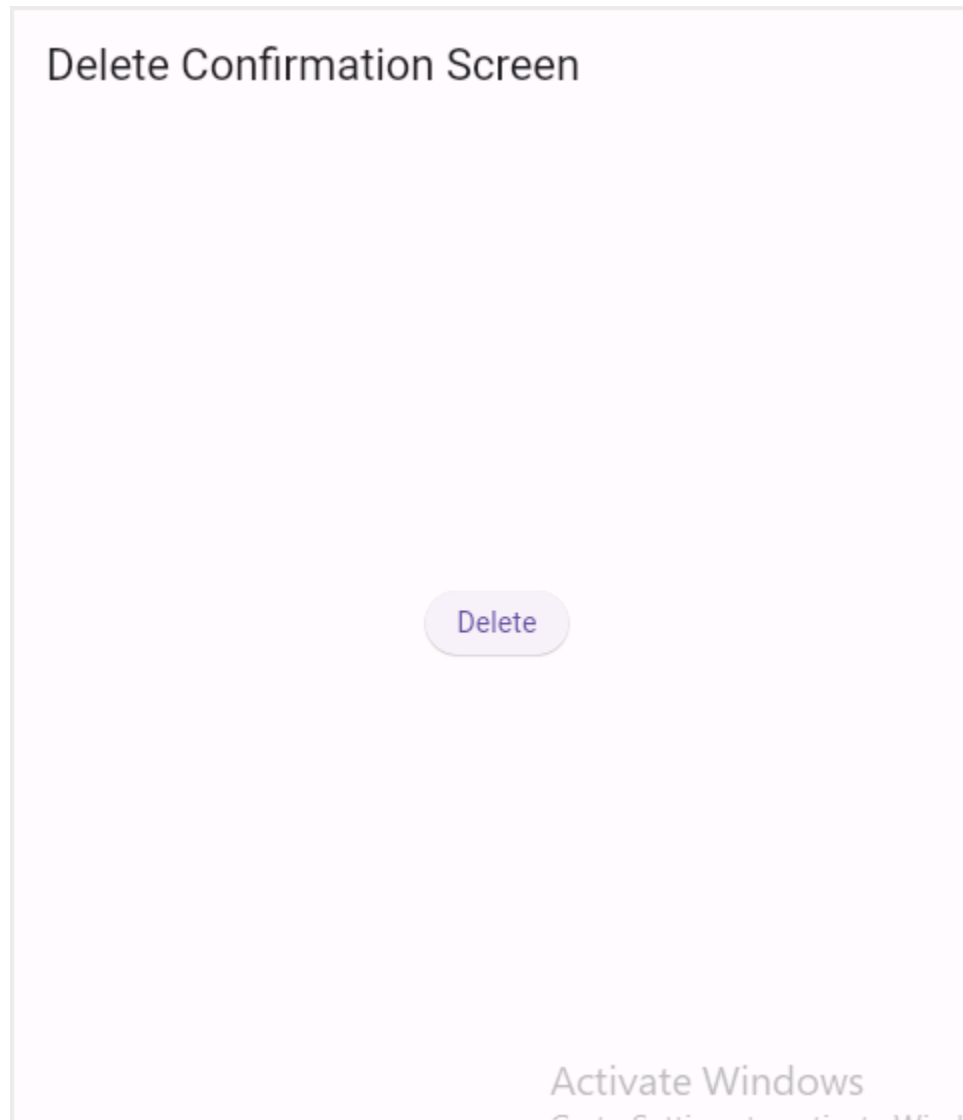

Output:

Delete Confirmation Screen

Delete

Delete Confirmation Screen

Confirm

Do you want to delete this item?

No **Yes**

Delete Confirmation Screen

Delete

Deleted Successfully

Delete Confirmation Screen

Delete

Cancelled
